Ice Harbor Lock and Dam

The dam was named for an ice-free cove just upstream from the present location of the dam. Steamboat captains used this cove as a safe place to wait out the winter without the danger of damage from ice.

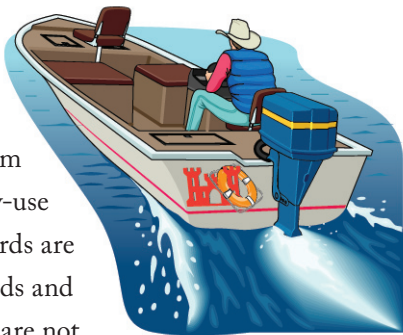

Ice Harbor is located on the lower Snake River approximately 10 miles from its confluence with the Columbia River. The waters of Lake Sacajawea now cover the cove. The lake was named after the Shoshone Indian woman who accompanied the Lewis and Clark expedition in their search for the easiest route to the Pacific Ocean.

Ice Harbor Dam was one of four dams on the lower Snake River authorized by Congress in 1945. The dam was completed by the U.S. Army Corps of Engineers in 1961. The benefits from Ice Harbor Dam include navigation, hydropower generation, recreation, irrigation and improved habitat for fish and wildlife. There are six generators for producing hydroelectricity; together they can produce 603,000 kilowatts of electricity, enough energy to power a city the size of Portland, Oregon.

Recreation

A variety of recreation opportunities such as fishing, swimming, picnicking, boating, hunting, hiking and camping are available around Ice Harbor Dam and Lake Sacajawea.

Each of these parks has a day-use picnic area. There are swim beaches in each day-use area, but no lifeguards are on duty. Skateboards and motorized scooters are not

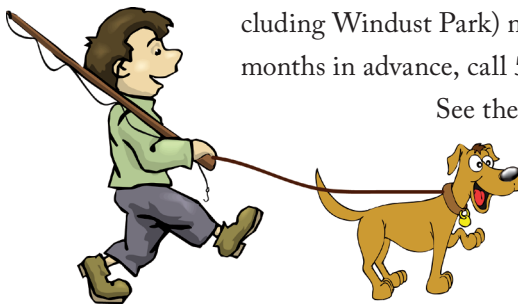

allowed in the parks.

To reserve your favorite campsite, contact the National Recreation Reservation System via their toll free number 877-444-6777 or on the Internet:

ReserveUSA.com. Reservation must be made 4 days in advance. Campgrounds require a 2 night minimum stay on weekends and 3 night stay on holidays.

Large group picnic shelters may be reserved, (excluding Windust Park) no more than 3 months in advance, call 509-547-2048.

See the maps on the following pages for locations of Wildlife Habitat Management areas. These are open for hiking, wildlife watching, fishing and hunting during appropriate seasons. For more information and detailed maps of these habitat areas, call 509-543-3200 or visit the Walla Walla District web site at www.nww.usace.army.mil/corpsoutdoors.

Registration and Fees

All sites are first come, first serve unless reserved for the current day. Select vacant site without a yellow or green registration card on the post. **Fees are collected at the gatehouse only.** If the gatehouse is closed, check in with the campground attendant and return to the gatehouse to register and pay within 30 minutes of opening. Each camping unit will be charged a separate fee. Gatehouse hours are posted in the gatehouse window. Campers with reservations must also register at the gatehouse. Checkout time is 2 p.m.

Current fees are posted at the entrance to the campground. Campers who request to be transferred to another site once they have checked in to their site

will be charged a \$10 transfer fee. Campers with reservations who have not checked in, and wish to be transferred, will be charged a \$10 cancellation fee and one night stay on the original reserved site. If you do not arrive for your reserved site you will be charged a \$20 service fee and forfeit the first night fee. MasterCard, Visa, American Express, Discover Card, personal checks, travelers' checks and cash are accepted. Don't forget to check-in and if you have any questions the campground attendant is nearby.

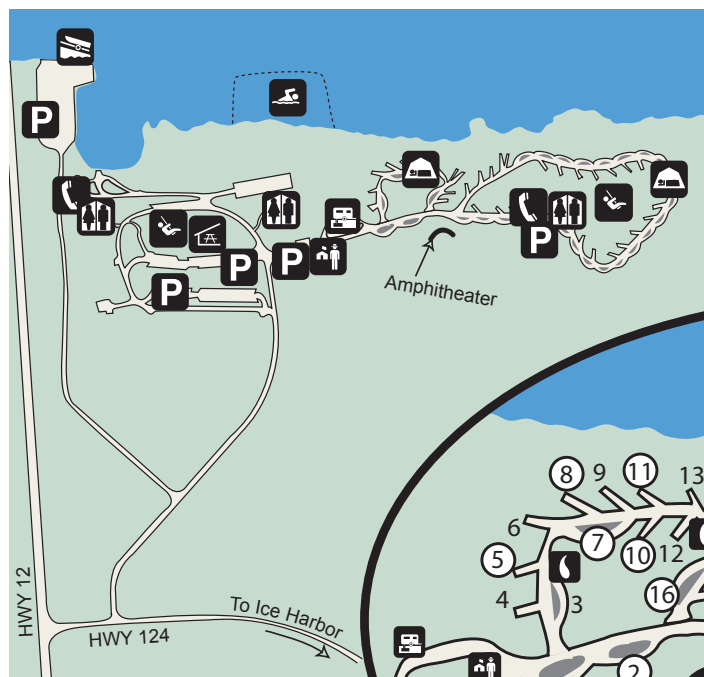

Overflow Camping is allowed at Hood and Charbonneau parks **only** when those campgrounds are full. The nightly fee is \$8. See campground attendant to be placed on a waiting list for campsites.

Each site is allowed one recreation vehicle and two additional vehicles. There is a \$4 charge for each additional

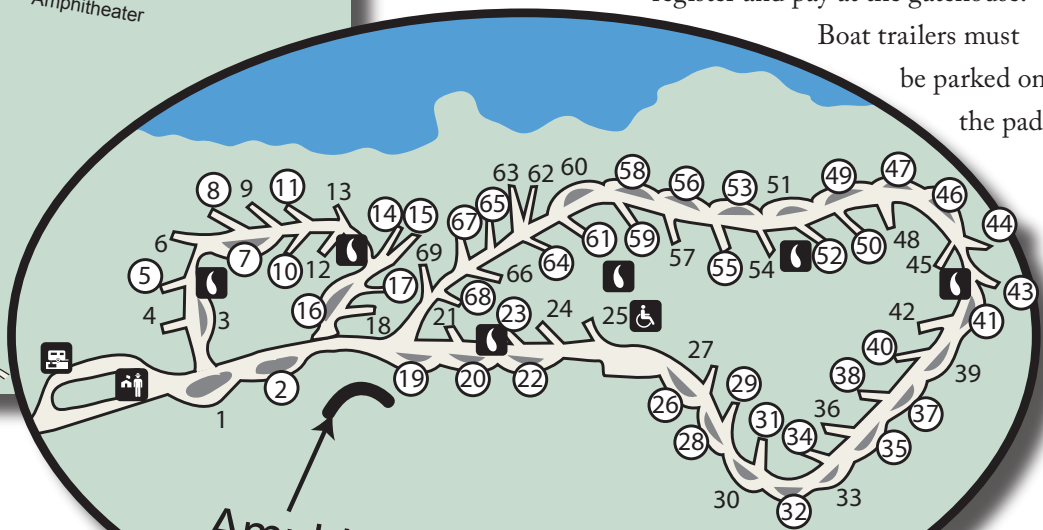

vehicle (if there is room) staying overnight. Vehicles may not park on roads, grass or vacant sites. If vehicles cannot fit safely on the pad, they must be moved to one of the overflow or day-use parking lots.

Boat Camping is allowed at Fishhook Park and Windust Park. The nightly fee is \$8. Campers must register and pay at the gatehouse.

Boat trailers must be parked on the pad.

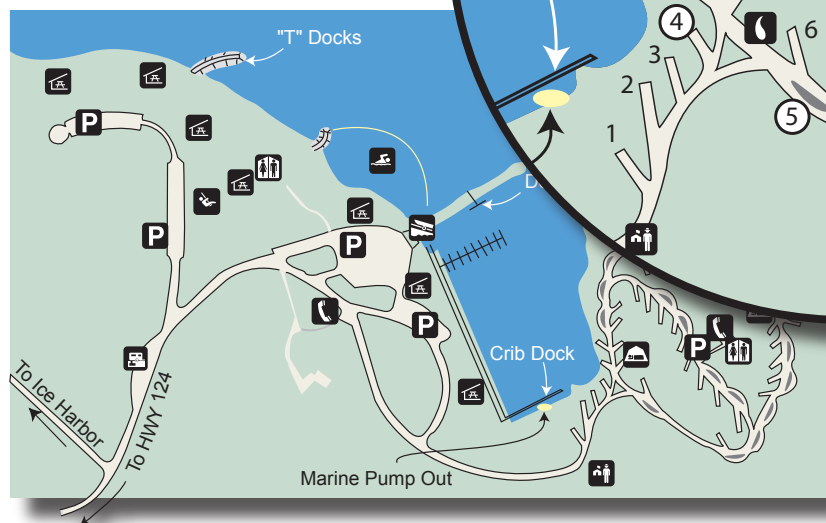

Hood Park

Hood Park, in Eastern Washington, is on Lake Wallula, formed by McNary Lock and Dam on the Washington/Oregon border. While at the park you can enjoy camping, fishing, boating, swimming or just relax under a shade tree. Hood Park campground offers 69 paved sites with electric hookups; 43 sites are reservable while the rest are first-come, first-serve. Each site is surrounded by lush green grass with mature shade trees scattered throughout the park. Other amenities at Hood Park include fire pits/grills, tables, horseshoe pits, basketball court, nature trails, dump station, boat ramp, shower/restrooms and swimming area. Hood Park is convenient to the Tri-Cities where there are shopping malls, a semi-pro baseball team and wineries. There is also a wildlife refuge next to the park that provides habitat for migrating waterfowl, bald eagles, shoreline birds and other resident wildlife.

Charbonneau Park

Dock

Dock

Fishhook Park

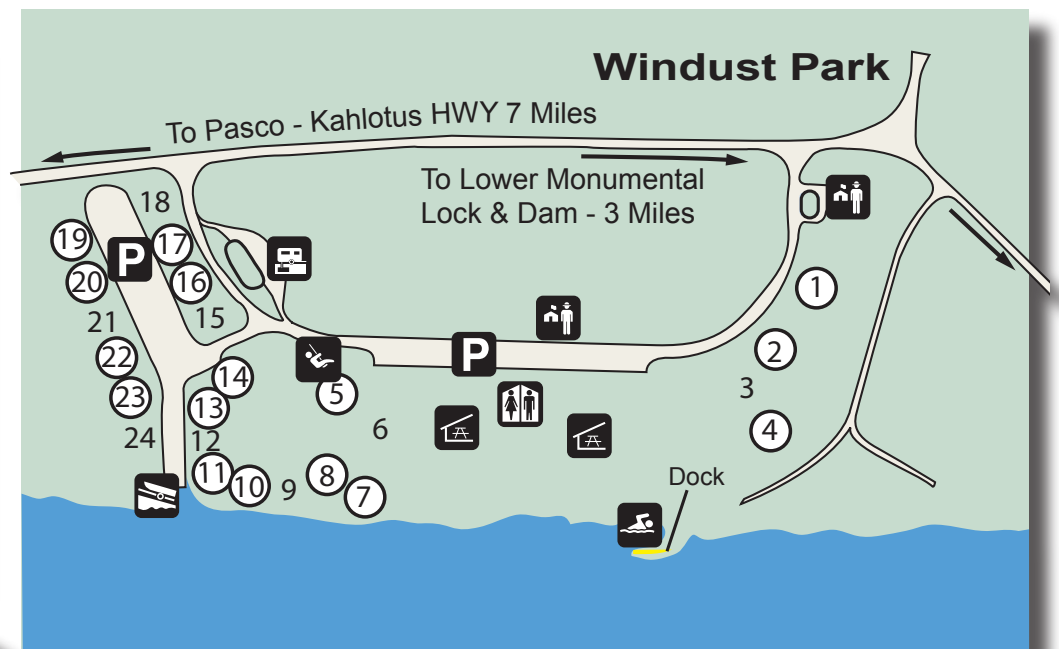

Charbonneau Park is located on Lake Sacajawea, the campground offers 54 paved sites with electric hookups. There are 34 reservable sites of which 12 are full-hookups and 2 picnic group shelters. The rest of the sites are first-come, first-serve. Each site is surrounded by lush green grass with mature shade trees scattered throughout the park. The park has a boat ramp, marina with dump station, shower/restrooms, phone, playground, swimming area, volleyball court, trailer-dump station and small convenience store. Visit the Ice Harbor Lock and Dam Visitor Center, 3 miles downstream and see the fish viewing room, fish passages, and learn of the early inhabitants of the region. You may also watch barge traffic navigate through the 100-foot tall locks.

Fishhook Park is located on the south riverbank of Lake Sacajawea. Campground sites are surrounded by lush green grass and mature shade trees scattered throughout the park. Fishhook campground offers 61 total sites, of which 41 are paved RV sites with water and electric hookups and 20 tent only walk-to sites. The park has pull-through sites, a dump station, boat ramp, shower/restrooms, swimming area and playgrounds.

Windust Park is located on Lake Sacajawea. Lower Monumental Lock and Dam is 3 miles upstream. Go there to watch barge traffic pass through the 100-foot tall navigation locks. The park has a boat ramp, fire pits, playground, swimming area and restrooms. You can camp along the historic route of Lewis and Clark in Windust Park, which offers 24 primitive sites, 16 of these sites are reservable.

***Levey Park** is a day-use area, amenities include fire pits/grills, tables and reservable sheltered picnic area. The park has restrooms, phone, playground, swimming area, volleyball court, boat launch and trailer-dump station.

Park Regulations

- Alcohol is prohibited in the park.
- For safety reasons, campers are required to back-in to sites located on one-way roads.
- Keep all vehicles and trailers off the grass.
- Bicycles are considered vehicles and must follow the same rules. Skateboards and motorized scooters are prohibited in all parks.
- Pets must **always** be on a leash no longer than 6 feet. Pets are not allowed in the swimming areas and campers are required to clean up after their pets.
- Tents must be moved at least every 2 days to preserve the grass.
- Campsites are limited to one, wheeled unit and two tents or no wheeled units and three tents.
- Campsites are limited to eight people.
- Campers are limited to a maximum stay of 14 days in a 30-day period.
- Reserved campsite(s) will be held until check-out time the following day of scheduled arrival date.
- Quiet hours are from 10 p.m. to 6 a.m.
- Fires shall be contained in designated fire pits and/or grills. Fires must be attended or completely extinguished.
- Gates for the campground and day-use areas are closed at 10 p.m. and are opened at 6 a.m. Campground attendants are available to open the gates at night, but only in the case of an extreme emergency. Campground checkout time is 2 p.m.
- Tampering, manipulating, altering or damaging sprinklers will not be tolerated.
- Dispose of trash in dumpsters, not in the fire rings.
- Gray water may not be drained onto the grass or pavement. It must be collected and disposed of at the trailer dump station located at each park.
- Parking lots near the restroom are for restroom use only and limited to 30-minute parking.
- Only registered campers may use the campgrounds facilities including showers.
- No placing camping items or personal items in un-registered site for purpose of reserving the site for future use.
- "Title 36, Code of Federal Regulations, Chapter 3," a complete list of rules and regulations pertaining to our parks, is available from campground attendants, park rangers and posted in all parks.

In case of emergency

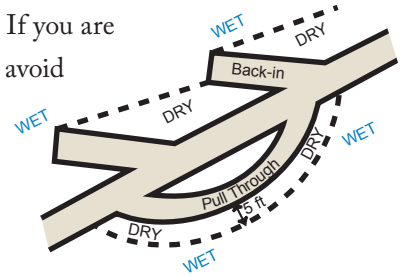

Sheriff, Fire or Ambulance:	911
Washington State Patrol:	800-283-7803
Hospital (Pasco):	509-547-7704
Poison Information Center:	800-572-5842

Ice Habor Lock and Dam

Natural Resources Office:	509-547-2048
Evenings and weekends:	509-543-3231

Helpful Information

- Automatic sprinklers near each campsite run for several hours nightly. If you are tenting, please study the map and pitch your tent in the dry sections to avoid getting wet. Ask the campground attendant if you need assistance finding the dry areas.
- Golden Age and Golden Access Passports will no longer be issued, although all Golden passports previously issued will remain valid.
- A discount of 50% of recreation fee will be provided to visitors who are 62 years of age or older who provide proof of age.

- A discount of 50% of recreation fee will be provided to visitors who are permanently disabled who show proof of disability.

Water Safety

- Check your boat for all required safety equipment.
- Always wear a life jacket when boating or water-skiing; for children the law requires it.
- Avoid waterskiing near swimming areas or anglers.
- Never jump into bodies of water if you cannot see the bottom.
- Never swim alone, always go with a buddy.
- Don't take chances by over estimating your swimming skills.
- Swim only in designated swimming areas
- Alcohol and boating are dangerous for everyone.
- For more information about water safety:
<http://watersafety.usace.army.mil/>

What is a camping unit?

- Each wheeled camping apparatus or vehicle used for sleeping (motor homes, trailers, pickup campers, popup trailer, van, ect.)
- Up to eight people camping in no more than three tents or eight people under the stars.

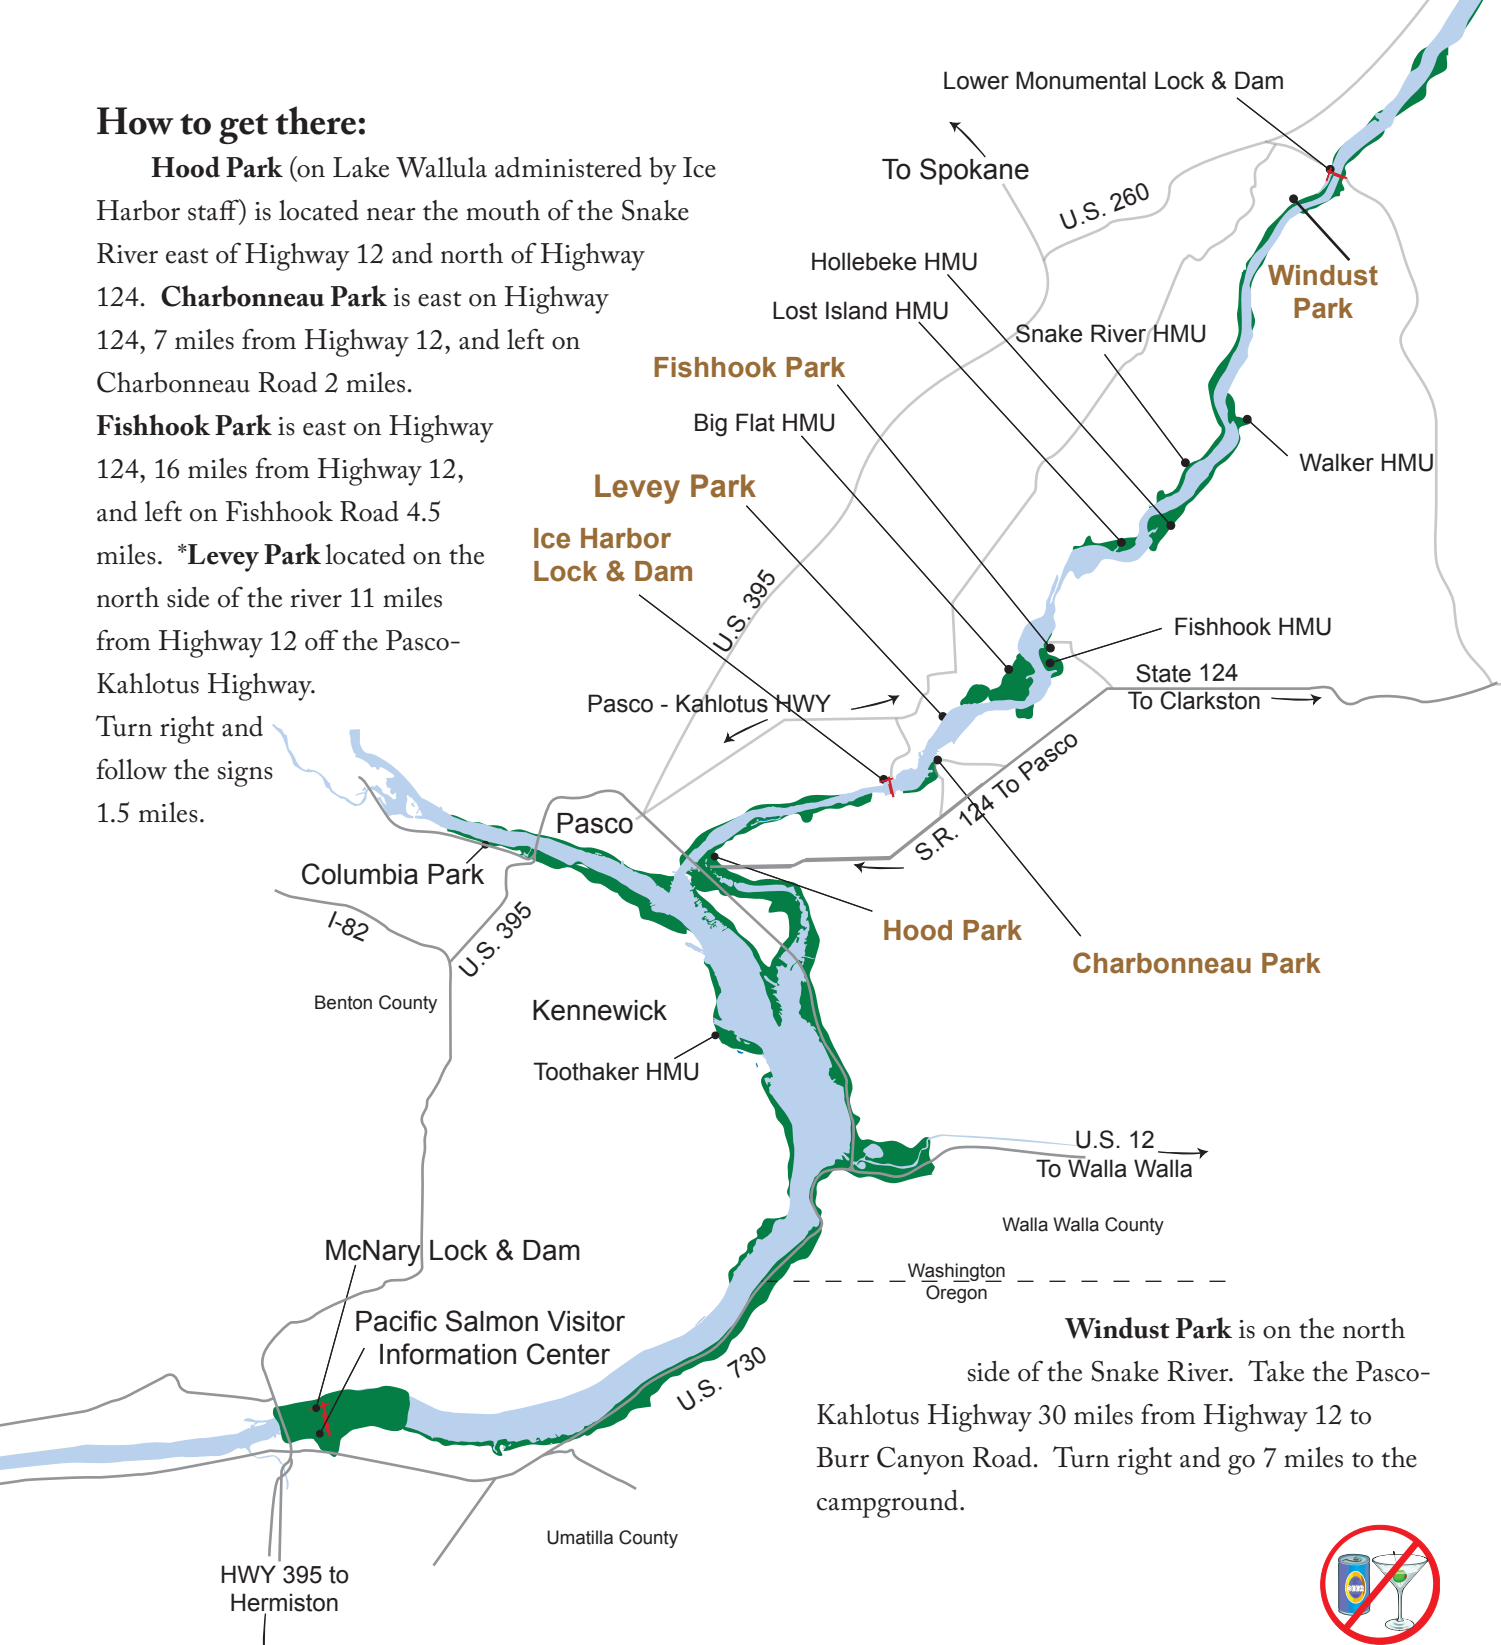

Outdoor Etiquette

- Plan ahead and prepare – think about needs for your trip
- Pack it in, Pack it out – Reduce, Reuse, Recycle
- Respect the privacy of others and their property
- Stay on roads and trails – reduce impacts on soil and plants
- Leave a place better than you found it
- Leave what you find
- Respect wildlife
- Remember, you can play an important role in helping to maintain the cultural and natural environment in outdoor areas by being respectful and courteous. Nature has a lot to offer, enjoy the outdoors to the fullest.

How to get there:

Hood Park (on Lake Wallula administered by Ice Harbor staff) is located near the mouth of the Snake River east of Highway 12 and north of Highway 124. **Charbonneau Park** is east on Highway 124, 7 miles from Highway 12, and left on Charbonneau Road 2 miles.

Fishhook Park is east on Highway 124, 16 miles from Highway 12, and left on Fishhook Road 4.5 miles. ***Levey Park** located on the north side of the river 11 miles from Highway 12 off the Pasco-Kahlotus Highway. Turn right and follow the signs 1.5 miles.

Windust Park is on the north side of the Snake River. Take the Pasco-Kahlotus Highway 30 miles from Highway 12 to Burr Canyon Road. Turn right and go 7 miles to the campground.
